What our customers **say** about the Serenity...

It's good value for money. We're very, very pleased. We've already booked for next year.

Monica & Donald Gregory

All the food was consistently good and served cheerfully and efficiently. The whole crew worked really hard and made a good team.

Mr Wilfred Timney

As we are drifting down the rivers and there's no sound from the boat, it's like time travel.

LIFE ON BOARD

With her sleek design and claret and cream exterior, the ms Serenity makes an immediate impact and it's this first impression that stays with you throughout.

On arrival you are introduced to the captain and his crew over a welcome drink, after which you can make yourself at home. The cabins are what make this ship stand out, and it's a lovely place to start each day, in your own private space that looks out across the river. You can then head to the panoramic restaurant, which ensures you miss none of the scenery during breakfast, lunch and dinner – all of which are freshly prepared by the onboard chefs.

After a day of exploring, take a seat on the terrace of the Lido bar where the waiter will serve your favourite drink, or head up to the sun deck and challenge each other to a game of giant chess before enjoying the evening entertainment.

And when you retire to your cabin, you can take a look at the daily programme and look forward to what the following day will bring.
